Healthy Capital District Initiative  3
Albany County Department of Health Asthma Home Visiting Program

Albany County Dept. of Health

Counties Served: Albany

Address: 175 Green Street, Albany, NY 12202
Phone Number: (518) 447-4615

About this Program: The Albany County Department of Health Asthma Home Visiting Program provides Public Health Nurse (PHN) home visiting services aimed at improving patients’ self-management of their asthma. PHNs with training in Asthma Education, gather information and complete a thorough ongoing evaluation of the patient’s knowledge, confidence, and ability to manage asthma. The Nurses review the Asthma Action Plan and complete medication reconciliation and education. Based on the patient’s knowledge, the level of control of their asthma and identification of asthma triggers in the home, the PHNs provide the tools, resources, education and referrals needed to improve the patient’s ability to manage their asthma.

Healthy Neighborhoods Program
Albany & Rensselaer County Dept. of Health/Cornell Cooperative Extension Albany County

Counties Served: Albany, Rensselaer

Address: 24 Martin Road, Voorheesville, NY 12186
Phone Number: (518) 765-3512

About this Program: Working with the Albany County Department of Health and the Rensselaer County Department of Health, Cornell Cooperative Extension Albany County offers the Healthy Neighborhoods Program. This free health and safety program is available to residents in targeted zip codes in Albany (12202, 12206, 12208, 12209, 12210) and the Cities of Cohoes and Watervliet. In Rensselaer County, the program targets the City of Troy, Lansingburgh, and the City of Rensselaer (zip codes 12180, 12182, 12144), and the Villages of Castleton, Hoosick Falls, and Nassau. Trained Healthy Neighborhoods Program educators schedule a home visit and identify environmental hazards by asking residents questions from a standardized assessment form. Residents are educated about these concerns and provided referrals and follow-up resources. Free cleaning, safety, and health products are also distributed to improve the home living environment. For more information and to schedule a home visit call 518-765-3512 or register online at https://pub.cce.cornell.edu/event_registration/main/events.cfm?dept=201

Asthma Home-Based Self-Management Program

Eddy Licensed Home Care Agency, SPHP

Counties Served: Primarily Albany and Rensselaer Counties with limited service to Saratoga, Schenectady, Columbia and Greene Counties.

Address: 433 River Street Suite 3000, Troy, NY 12180
Phone Number: (518) 274-6200

About this Program: Eddy Licensed Agency’s Asthma Home-Based Self-Management Program is a new program designed to meet the specific patient and caregivers needs on the management and control of Asthma. This program assists patients and caregivers to create a healthy living environment that supports Asthma prevention and control. The program is funded by the Delivery System Reform Incentive Payment Program (DSRIP) with a focus on Medicaid beneficiaries designed for both children and adults.

OEHC

Occupational & Environmental Health Center of Eastern New York

Counties Served: Albany, Columbia, Greene, Rensselaer, Saratoga, Schenectady

Address: 1873 Western Avenue, Albany, NY 12203
Phone Number: (518) 690-4420

About this Program: The Occupational & Environmental Health Center of Eastern New York (OEHC) is 1 of 11 regional not-for-profit occupational health centers established by the New York State Legislature in 1987. OEHC is a community-based center of excellence dedicated to the diagnosis, treatment, and prevention of occupational and environmental illness and injury. We are a clinical center whose staff includes physician’s board certified in occupational and environmental medicine, a certified industrial hygienist, occupational health nurses, a social worker, and other professional and support staff. Our program’s goals are to prevent, diagnose, and treat occupational diseases, prominent among which is occupational asthma.

Healthy Neighborhoods Program
Columbia County Department of Health

Counties Served: Columbia

Address: 325 Columbia Street, Hudson, NY 12534
Phone Number: (518) 828-3358

About this Program: The Healthy Neighborhoods Program is a health and safety program that provides free in-home assessments and interventions for asthma, tobacco cessation, indoor air quality, lead, fire safety, and cleaning supplies. Supplies may include smoke and Carbon Monoxide detectors, fire extinguishers, cleaning supplies, child safety items, and asthma prevention items. Eligible participants must reside in Columbia County. There are no requirements to be eligible. All are strongly encouraged to participate.

Asthma Home Visit Program
*St. Mary’s Healthcare Amsterdam*

**Counties Served:** Fulton, Montgomery

**Address:** 427 Guy Park Avenue, Amsterdam, NY 12010  
**Phone Number:** (518) 841-7430

**About this Program:** St. Mary’s Healthcare provides free home visits to their primary care patients. The program’s components focus on improving patients’ self-management of their asthma. During the home visit, Certified Asthma Educators teach individuals general asthma education, self-management tips, environmental home assessment, medication education, an Asthma Action Plan, and referrals needed to improve the individual’s ability to manage their asthma.

Asthma Education Program
Ellis Medicine, Asthma Care

Counties Served: Schenectady and Capital Region

Address: McClellan Street Health Center, 600 McClellan Street, Schenectady, NY 12304
Phone Number: (518) 347-5864  Fax: (518) 347-5518

About this Program: Four session disease management training and education program for pediatric and adult asthma patients, and caregivers. Patients will meet with a Certified Asthma Educator/Respiratory Therapist in an outpatient clinic setting to learn the skills necessary to understand the disease process, to identify asthma triggers and steps for trigger avoidance, as well as to learn about asthma and allergy medications and the proper technique for effective administration. Pulmonary function and exhaled nitric oxide testing is available for all patients age 5 and older. Tools and resources are provided to each patient to help improve asthma control. Some trigger remediation products will be provided at no cost. A referral from a treating Provider is required. Program is covered by most health insurance plans.

COPD/Self-Management Training/Education Program

Ellis Medicine, COPD Care

Counties Served: Schenectady and Capital Region

Address: McClellan Street Health Center, 600 McClellan Street, Schenectady, NY 12304
Phone Number: (518) 347-5864  Fax: (518) 347-5518

About this Program: Two session disease management training and education program for patients diagnosed with Chronic Obstructive Pulmonary Disease. Patients will meet with a Certified Pulmonary Disease Educator/Respiratory Therapist in an outpatient clinic setting to learn about the nature of the disease and normal lung function. Patients also will learn about appropriate use of medications including oxygen therapy, how to prevent respiratory infections, the importance of exercise and good nutrition, relaxation techniques, energy conservation, and how to manage an acute episode. Program includes a complete pulmonary function study. Tools and resources are provided to help each patient take an active role in managing their disease. A referral from a treating Provider is required.

Healthy Neighborhoods Program
Schenectady County Public Health Services

**Counties Served:** Schenectady

**Address:** 107 Nott Terrace Suite 304, Schenectady, NY, 12308
**Phone Number:** (518) 386-2824

**About this Program:** Schenectady County Public Health Services (SCPHS) is seeking homes to visit for their Healthy Neighborhoods Program. SCPHS is looking for homes in the target zip code areas of 12303, 12304, 12307, and 12308. During a home visit, a short survey is completed by a public health nurse to identify safety issues regarding childhood lead poisoning, asthma, fire safety, and indoor air quality among others. Products may be provided if appropriate and may include shock stoppers, hypoallergenic pillow and mattress covers, cleaning supplies, cabinet safety locks, and smoke detectors. Educational materials are provided at each home visit. There are no income eligibility requirements to receive a visit and all homes in Schenectady County are eligible, with priority given to those in the target zip codes. Anyone can make a referral to this free program by calling SCPHS Environmental Health Unit at 518-386-2818.

## Educational

The following tools help individuals learn about, recognize symptoms of, and control asthma.

### Asthma Attack Emergencies
*Aiggy and the Inhalers*

**Description:** A video that helps children understand and recognize asthma attacks and asthma emergencies, so they know when to call 911.

**Languages:** English

**Target Audience:** Children

[iggyandtheinhalers.com/pages/asthma-attack-emergencies](iggyandtheinhalers.com/pages/asthma-attack-emergencies)

### Asthma Basics
*American Lung Association*

**Description:** A free one-hour interactive online learning module to help people learn more about asthma. It teaches participants how to recognize and manage triggers, understand the value of an asthma action plan, and how to recognize and respond to a breathing emergency.

**Languages:** English

**Target Audience:** Adults

[lung.training/courses/asthma BASICS.html](lung.training/courses/asthma BASICS.html)

### The Asthma-Friendly Home
*Asthma Coalition of the Capital Region (ACCR)*

**Description:** An informational sheet that explains common asthma triggers and asthma medication and treatment.

**Languages:** English

**Target Audience:** Adults

### Certified Products Guide
*Asthma & Allergy Friendly*

**Description:** A four-page informational sheet that provides guidance on buying asthma-friendly products.

**Languages:** English

**Target Audience:** Adults

### Help Your Child Gain Control Over Asthma
*United States Environmental Protection Agency (US EPA)*

**Description:** Booklet designed for parents of children with asthma with information on how to prevent children's asthma attacks.

**Languages:** English

**Target Audience:** Parents/Caretakers of Children

### If you have a Child with Asthma, You’re Not Alone
*United States Environmental Protection Agency (US EPA)*

**Description:** An informational page with tips on how to reduce triggers through managing a child's indoor environment, preventing an asthma attack and creating an action plan. Lists contact information to find resources in the community and websites to learn more about asthma.

**Languages:** English

**Target Audience:** Parents/Caretakers of Children

### Kids with Asthma Can
*PBS Kids*

**Description:** Kid-friendly educational materials to help them understand what asthma is, what triggers asthma, and the importance of staying active and healthy even with asthma.

**Languages:** English

**Target Audience:** Children

[https://pbskids.org/arthur/health/asthma/](https://pbskids.org/arthur/health/asthma/)

### Free Online Class Can Improve Your Asthma Health
*Asthma and Allergy Foundation of America*

**Description:** Online interactive program to help adults improve Asthma care.

**Languages:** English

**Target Audience:** Adults

[https://community.aafa.org/blog/new-program-teaches-adults-about-proper-asthma-care](https://community.aafa.org/blog/new-program-teaches-adults-about-proper-asthma-care)
