## Food Subsidy Target Population

### Highlights:

- About 135,307 (15%) of Capital Region residents were at or below 125% FPL, the best available proxy for Supplemental Nutrition Assistance Program (SNAP) and free lunch eligibility. Albany (17.0%) and Greene (16.8%) had the highest percentages in the Capital Region.
- About 211,000 (23%) of Capital Region residents were at or below 185% FPL, a good proxy for reduced-price lunch eligibility. Greene (27.5%) and Columbia (26.0%) had the highest percentages in the Capital Region.

## Food Insecurity

Food insecurity is an economic and social condition of limited or uncertain access to adequate food during the past year.

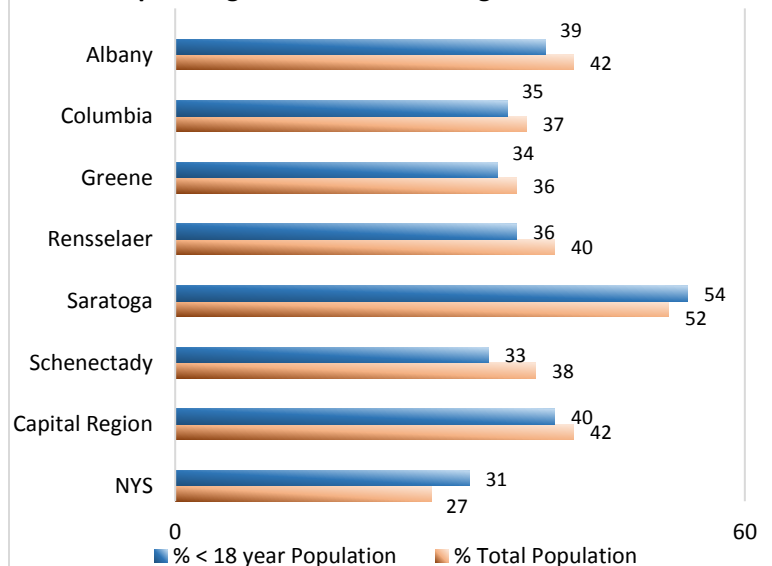

### Highlights:

- Approximately 110,000 (11.5%) Capital Region residents were “Food Insecure”. Albany had the highest number (n=40,000) and rate (13.1%) in the Capital Region.
- About 38,600 children (< 18 years) in the Capital Region (19.4%) were considered “Food Insecure.” Greene (23.1%) and Rensselaer (21.5%) had the highest childhood rates.
- Over 48,200 “food insecure” Capital Region residents (42%) were ineligible for food assistance; over 15,400 of the “food insecure” children < 18 years of age (40%) were ineligible. Saratoga had the highest rates for total population (52%) and children < 18 years of age (54%) in the Capital Region.

**% Food Insecure Population Ineligible for Assistance, Total Population and Children < 18 Years of Age, Capital Region Counties, Capital Region, and NYS, Feeding America 2014<sup>7</sup>**

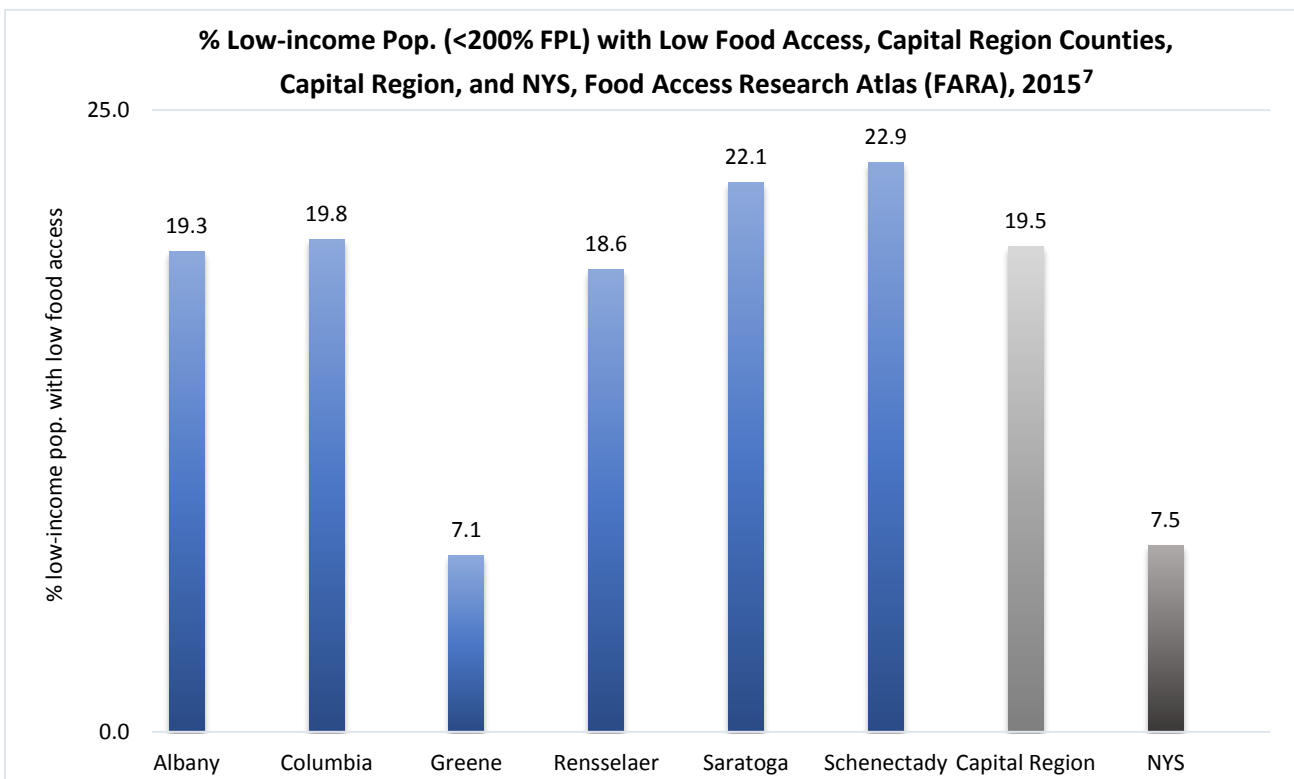

## Low-income Healthy Food Access

Limited healthy food access is estimated by the percentage of the low-income population (<200% FPL) who do not live close to a grocery store. Proximity is defined in rural (living < 10 miles from store) and non-rural (< 1 mile from store) areas.

### Highlights:

- An estimated 44,700 Capital Region low-income residents had low healthy food access. The Capital Region rate of 19.5% was 2.5 times higher than the NYS rate of 7.5%. Schenectady (22.9%) and Saratoga (22.1%) had the highest rates in the Region.

## Fast Food Restaurant Access

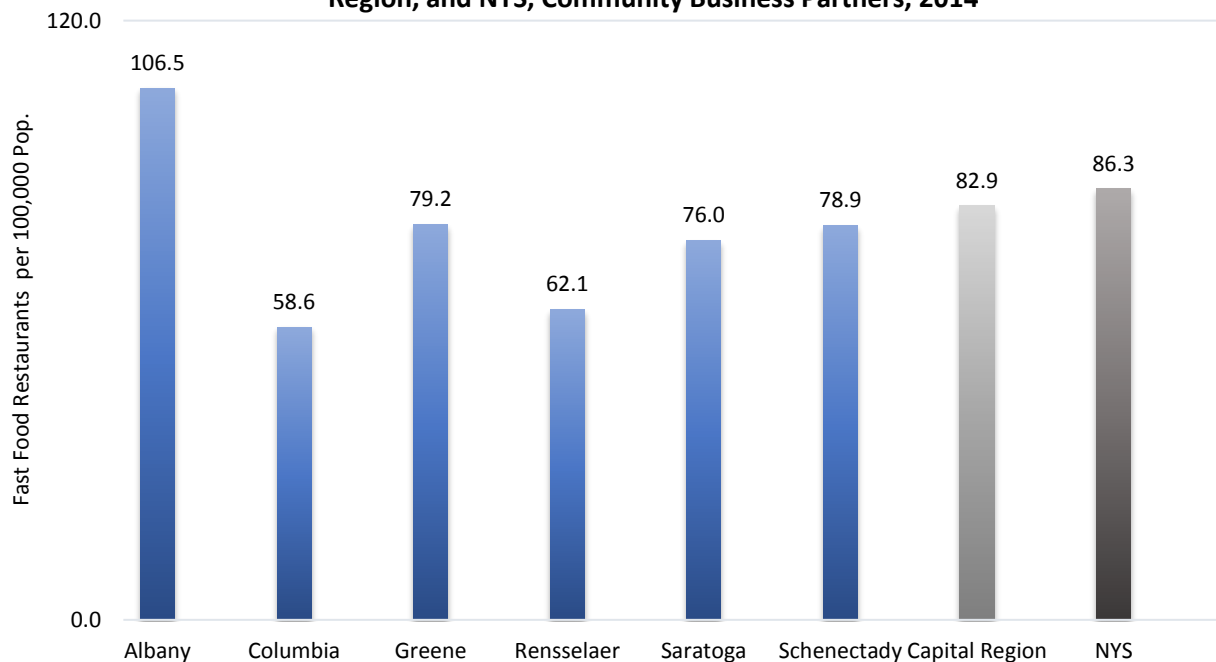

### Highlights:

- The Capital Region had 788 fast food restaurants in 2014, for a rate of 82.9/100,000 population. Albany had the highest number (n=324) and rate (106.5) in the Region. Columbia had the lowest rate (58.6).
- The Capital Region's Fast Food Restaurant rate increased 9.1% from 76.0/100,000 in 2009 to 82.9 in 2014.

**Fast Food Restaurants per 100,000 Population, Capital Region Counties, Capital Region, and NYS, Community Business Partners, 2014<sup>7</sup>**

## Food Subsidy Programs

### Highlights:

- Approximately 38% of the Capital Region’s school children, or 47,000 students, were eligible for free or reduced-price lunch. Columbia (49%) and Schenectady (47%) had the highest rates in the Region.
- About 40,000 Capital Region households (10.6%) received SNAP benefits. Schenectady (13.3%) and Rensselaer (12.0%) had the highest Regional rates.
- In 2016, there were 902 authorized SNAP retailers in the Capital Region, for a rate of 22.5/1,000 SNAP households. Rensselaer (19.3) and Albany (20.9) had the lowest rates in the Region.

Percentage of Students Receiving Free or Reduced-Price Lunch, by School District and Capital Region Quartile, 2015-2016

Percentage of Students Receiving Free or Reduced Lunch  
By Capital Region Quartile

Dark Blue	55.0 to 78.0
Medium Green	38.0 to <55.0
Light Green	25.0 to <38.0
Yellow	0.0 to <25.0

Capital Region: 38.0%

## Substandard Housing

To be considered substandard, the housing unit must have one of the following conditions: lacking complete plumbing facilities; lacking complete kitchen facilities; 1.01+ occupants per room; housing costs > 30% of household income.

### Highlights:

- Over 115,000 (30%) of Capital Region occupied housing units were considered substandard. Greene had the largest percentage (35.8%, n=6,300), while Albany had the largest number (n=38,700, 31.1%) of substandard housing units in the Capital Region.

## Overcrowded Housing

### Highlights:

- Only 3,700 (1.12%) of occupied housing units averaged 1.01+ persons per room. Schenectady (1.44%, n=681) and Rensselaer (1.38%, n=794) had the highest rates of overcrowding in the Region.

## Cost-Burdened Households

### Highlights:

- Almost one third of Capital Region households were “cost-burdened” (31.4%, n=118,200), contributing over 30% of their income for housing costs, while 13.9% (n=52,160) of households were considered “severely cost-burdened” dedicating over 50% of their income for housing.
- Greene had the highest rate of cost-burdened (36.7%) and severely cost-burdened (16.0%) households in the Capital Region.

## Pre-1960 Housing

### *Highlights:*

- About 115,000 Capital Region housing units (26.1%) were built before 1960. Schenectady (33.9%, n=23,100) had the highest percentage of pre-60 housing, while Albany (n=42,000, 30.4%) had the highest number of housing units in the region.

## HUD-Assisted Housing

### Highlights

- In 2015, the Capital Region had 20,000 HUD-assisted housing units for a rate of 45.6/1,000 housing units. Albany had the highest number (n=8,590) and rate (62.4/1,000) of HUD-assisted housing in the Capital Region.
- The distribution of HUD-assisted housing in the Capital Region by Program includes: Housing Choice Voucher- 45%, n=9418; Public Housing- 28%, n=5,583; Project-based section 8- 21%, n=4114; Section 202 (elderly) - 2%, n=419; Section 811 (disabled) - <1%, n=61.
